# ABOUT ACROMONT CORPORATION

Acromont Corporation is a distinguished member of the Agarwala Group of Companies, a trusted name in the mining, processing, and export of premium minerals and stones.

Our operations are structured into three specialized divisions: **Acrostone, Acroquartz, and Acrominerals**. Headquartered in Kolkata, India, we operate state-of-the-art processing units in Jharkhand, Rajasthan, and Gujarat.

With over seven decades of expertise, the Agarwala Group, established in 1945, has built an impeccable reputation in the minerals and stones industry. Initially focused on trading, the group expanded its scope by acquiring mines and processing units, with a particular emphasis on quartz and stone industries. Strategic partnerships with local suppliers across India further strengthen our ability to deliver superior-quality products to clients globally.

Guided by Mr. Deepak Agarwala, a third-generation leader of the Agarwala family, Acromont Corporation continues to uphold the group's legacy of excellence. Our commitment to providing the highest-quality products has earned us the trust of customers in **over 50 countries**, fostering strong relationships built on reliability and satisfaction.

# ACROMARMOCHIPS

AcroMarmoChips is a trusted leader in premium-quality Marble Chips, known for exceptional customer satisfaction and global partnerships. As one of India's largest exporters, we embrace the Kaizen Philosophy, using advanced technology to ensure superior quality. Our diverse range of colors and sizes is designed to meet the unique needs of our customers with precision and reliability.

# ACROPEBBLES

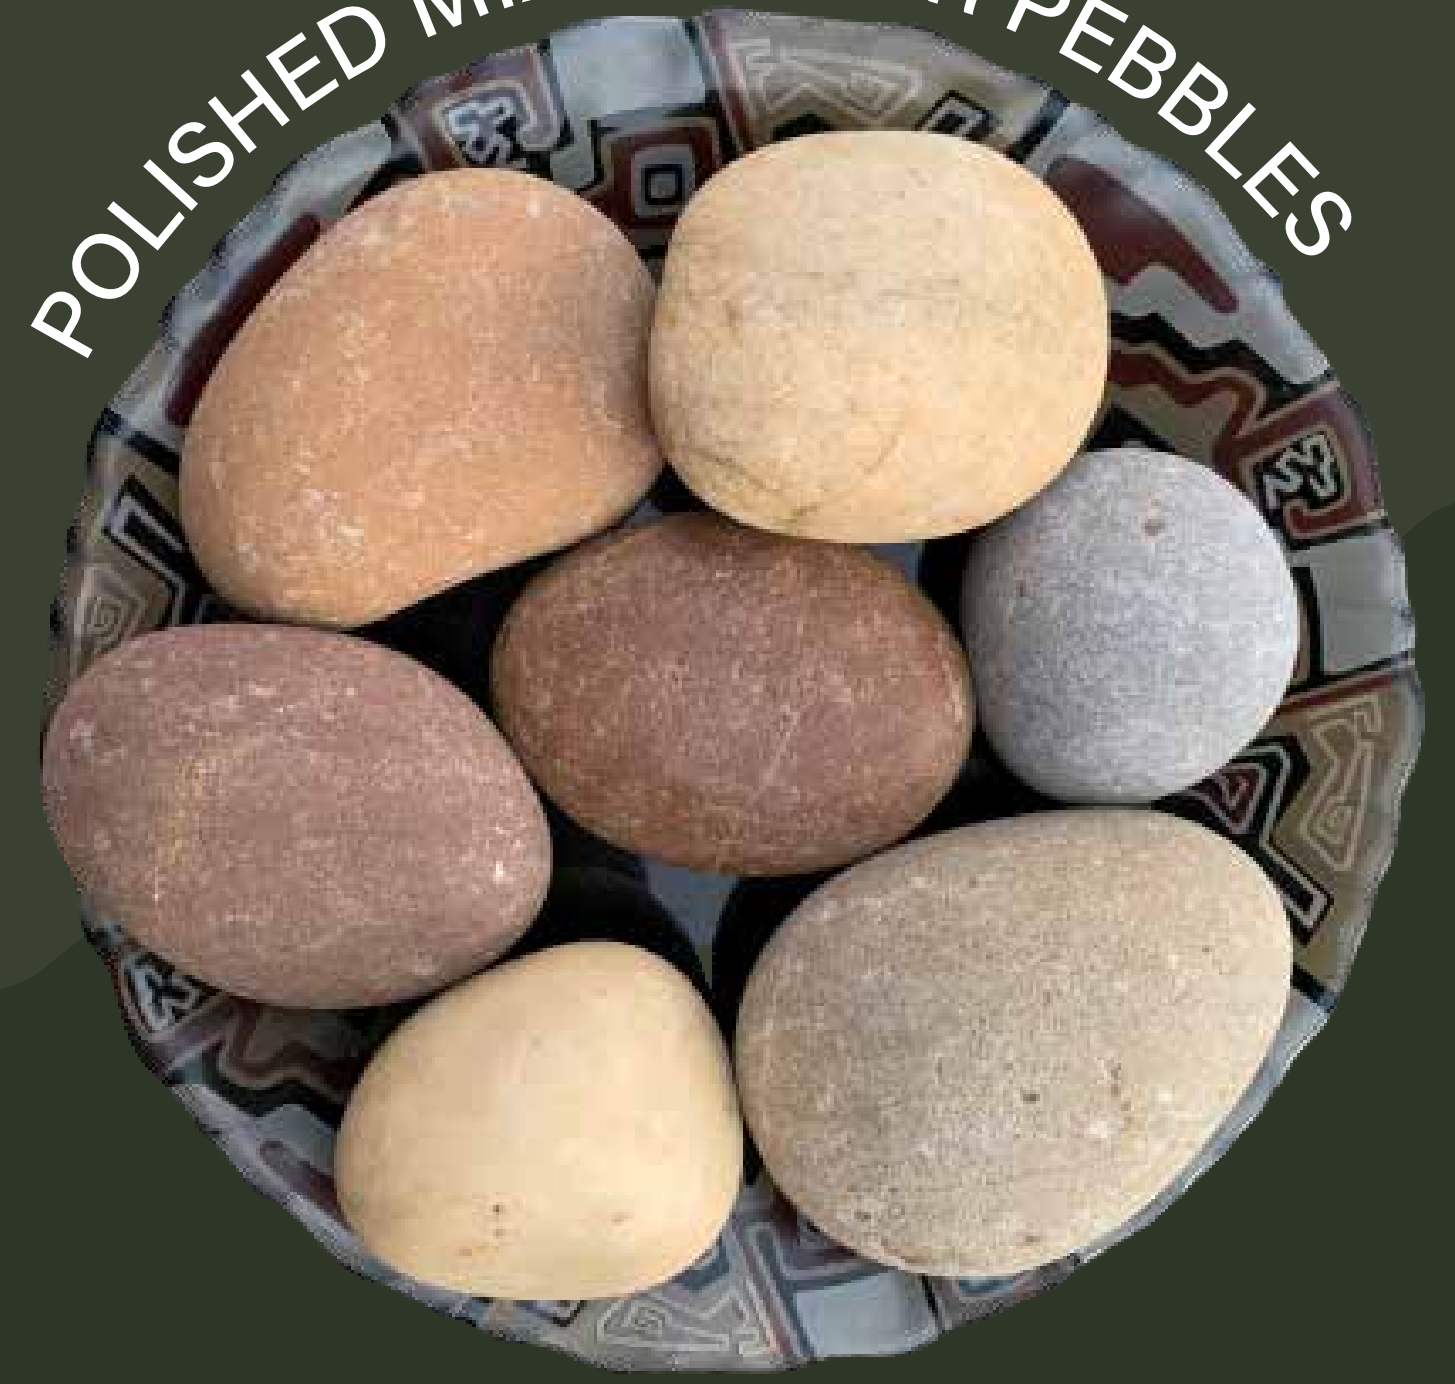

We are your one-stop destination for premium decorative pebbles. Our fireproof river pebbles are low-maintenance and highly durable, while our exquisite agate and onyx pebbles are globally renowned for their beauty and strength. Available in a variety of colors, shapes, and finishes—both polished and raw—we cater to diverse client needs. Our pebbles are perfect for enhancing pathways, ponds, fountains, aquariums, and natural ornamental jewelry.
